

## Prophetic Transcript - Prayer Watch - 25 June 2023

Jenny Watson

The church generally lives from looking backwards. If we do not maintain or have a future vision we end up being locked in a spirit of religion because that is where we get our traditions from. We need to have a vision of the future to get the breakthrough. Future glory! 1 Chronicles 14:11

Dit McCallum

Ezekiel 12:1-6

Take care what you carry out through the wall. I am bringing a visibility upon you. Not just you, but upon those who have submitted to Me and upon those who have been faithful to keep standing when My Body is falling apart. As you go forwards you have to leave behind those things that would hold you back, those things that are comfortable. Those things that you have held on to and the traditions. You are a people who know what religion looks like and you are breaking out and I have gone before you.

Just as I chose Cyrus as the one and I said to him, one who did not even know Me, I am using the kings of the earth to be able to bring about My will and My purposes. Even those things that are happening where you are seeing rebellion, I am using those who are rebelling against Me because I have in place thrones that are being set up, where iniquities are being judged right now. In purity and in strength, in those belongings that you know you will need to take through with you, I have already gone before you and I have fought the battle for you. I am strengthening you in might, in power, in understanding, in knowledge. I am releasing to you the treasures of darkness. I am releasing to you understanding out of heaven. Have I not said to you, time and again, I will give you strategy, I will give you blueprints, I will give you the detail because you are looking for it. But the time has not been yet. But now it is the time. Now it is the time for breakthrough. Now is the time for you to go forward. Go forward in Me, as you watch Me. I have gone before you and My glory will be your rearguard.

Suzanne Farley

Habakkuk 2:2 The Lord has given us a responsibility not just to hear, not just to understand but to record in such a way that others can run with it.

Kevin Damant

This is a time between now and the Head of the Year where I am going to bring the searchlight on to each and everybody's life. When you get to the Head of the Year, it is the year of the doorway. When you walk through that doorway into the new year, this is going to be as Ezekiel went through the wall. It is going to be a time where there is going to be a separation between the goat and the sheep. This is a time where my Ecclesia need to hear my voice and know which way they are walking and which doorway they are going to walk through.

Rose Damant

Just as I have called you to be alert in the Spirit, there is a distinct difference between discerning that which is truth and that which is wrong. That in itself is not judgement, for I alone bring judgment. Do not be afraid, do not be afraid to speak and say what is truth and truthful. For the belt of truth has girded your loins this day. Let the discerning of spirits be that which is your plumb line, with My Word. That is not judgment but that will bring correction.

Farirai Makwiramiti

Do not be afraid of the gold standard that the Lord is raising up because that gold has been refined and it is waiting for this moment. When we go through the refiner's fire the Lord has removed the impurity so do not now be afraid that the Lord is showing you what is impure. He has made you for such a time as this. He has raised you up in purity for such a time as this. Do not be afraid of the judgment that the Lord has put in you. It is righteous judgment. This is part of the Ezekiel word that Dit just mention. This is part of digging through the wall and it is not going to be desirable. It is not going to be fun but this is the purity that the Lord needs from the Ecclesia. We are not going to have spot or wrinkle or blemish on us. So we will not be afraid to say this is wrong. The Lord will do it through us. We need to wait for His time and His word. This is a gold standard that the Lord is raising up.

Caroline Johnson

Have I not said, Perfect love casts out all fear? Where there has been fear of standing in truth and righteousness, I am dealing with that today. That will be a sign that will cause us all to wonder, what the Holy Spirit is doing individually. For He has already released the breast plate of righteousness. It is righteousness that prevails. It is righteousness that will deal with national issues. It is righteousness that will deal with the issues in the towns, in the homes, in every sphere of influence that I have led you to be. So I have said, Fear not! Why have I said, Fear not? Because the enemy's strategy is fear to come up against you.

There has been through this house a word, some time ago, that God was releasing discernment to us and here it is. What does it look like? It does not look like what you thought it was. Today I have brought you a true release of the way, the truth and the life. I have given you instructions this morning. Listen intently to what I said. Today has been a day that has been marked. It has been marked in the heavenly realm and it will be marked in the earth. There is something to be written because I am calling My people from the great command to the great commission. That is the design of my heart for the apostolic house in the earth, that you would go with the word that I have given you, fearlessly. Fear not!
